COMPLETION OF SPORTS TRAINING 2022-2023

On Thursday, 1st June, the sports training for our 2022-2023 academic year will come to an end.

In honour of this, we would like to congratulate our athletes for all their achievements and, even though trophies are important, the main goal for the Sports Department has always been, and will always be, to teach our students to face both victory and defeat, respecting their rivals, understanding that everything is a process of personal, social and physical growth, as well as an opportunity to learn from their successes and mistakes in order to move forward.

We thank all the sports coaches for their dedication, commitment and professionalism. As a result of their daily effort and committed work, TES sport is recognised both at UNCOLI and national level.
